

Mr. Kopy has space against the back wall of the building for up to four (4) cars.

This area is open to Mr. Kopy customers while shopping inside Mr. Kopy only!

DO NOT use the large private parking area behind the building, or your car may be towed. That includes the Mr. Kopy employee parking spots. They are not available for the general public, including Mr. Kopy customers.

Please be considerate and park within the lines so others can park there also. Please pull up close to the building, as this area is small and you might prevent others from driving thru the lot with out some difficulty.

The door to the left of the parking area is accessable for Mr. Kopy customers to enter the store from the rear parking area.

Thank You
